

# QT302RXR

Quantec Master Infrared Ceiling Receiver (Round Version)

## Overview

An unobtrusive white round version of our Quantec Master Ceiling Receiver.

Designed to accept infrared calls from compatible Quantec staff attack transmitters, patient neck/wrist pendants and staff attendance pendants.

Typically used in bedrooms, corridors, common rooms and any other area requiring infrared coverage.

Include a red confidence light.

Typical 10m line of sight receiving range.

Up to three QT302RXRS slave receivers can be connected to a master ceiling receiver to increase IR coverage.

Optional QT848/10 locking kit, complete with 10 grub screws and Allen key, also available.
